

AOGV - OUR FLEET

The AOGV – Add On Gate Valve, is a field proven patented technology which inserts an isolation spade on a live flanged connection thereby reducing down time and eliminating the need for extensive isolation activities.

Size	CL150	CL300	CL600 - CL1500
1"	X		
2"	X	X	X - (1500 Compact Flange)
3"	X - (Cryogenic)		X - 155bar
